

Shalom, dear brothers and sisters!

Hope that lights up the darkness!

God is moving in the city of Tarapoto, (115,000 inhabitants) Peru, where the Covid 19 is raging and took the lives of hundreds of people.

Now the Lord of Breakthrough has come with a relief operation from Germany and the USA, sponsored by Kitty Hamilton Ministries.

Esmirna church in Tarapoto is where I started working as a missionary in Peru in 1998.

Staff from the health department administering COVID tests within the church.

Team of Esmirna Church is on the way to village churches

There, pastor David gives information about the virus, before food and medicines are distributed.

After a call to repentance and a short message, Pastor invites the listeners to receive Jesus. Many gladly respond.

Food and medicine are being distributed.

Ps. David praying for the sick.

Oxygen, as well as many life support devices are lacking in the hospital.

The church also brings warm food for those who are waiting In front of the hospital every day. They are waiting in 90+ F tropical heat for their loved ones or for an empty bed.

The Lord is pouring out his Spirit and is doing miracles. Praised be to His Wonder-Full, Name.

God is moving in ways I could never imagine. Power evangelism at its best,

"Faith works by love." Love is an action.

This is real love in action ♡

Just imagine, our Lord is using you to change lives forever.

There are people alive today who would not be alive had it not been for your generous help.

If it weren't for the food we are supply and the expensive medications which Pastor David is able to purchase with your donations, many would not have survived.

Thus, God has made you, who have prayed - and donated selflessly, -literal lifesavers!
He loves you and so do I.

Thank you very much for your loyalty and for making a difference forever. One life after another.

Please keep it up until all of these friendly Tarapoto inhabitants get well again!

Letty and her sister Chachi from our AJAMAT team in Peru also have been diagnosed by phone with Covid19. They are presently living in Naranjillo, a city of 1000 without a clinic or testing facility. They are again on lock-down.

So far they have not had access to medication prescribed by phone. Almost everything purchased in pharmacies is counterfeit. Corruption has never been worse.

On the black market, where original, stolen products can be bought, the medicines are available at exorbitant prices.

Home remedies and Paracetamol brought the fever down. Whooping cough, weakness and headaches persist.

We trust they will be totally healed through your intercession and the supply of the Holy Spirit.

Thank you from the bottom of my heart for your valuable prayers and life-saving donations.

God's abundant blessings be yours always
In His love,

Yours,

Kitty Hamilton
